

# Safety Data Sheets

## 1. Identification of the substance/mixture and of the company/undertaking

### Product identifier

Part number Number/Product Name: 02256/Turbidity Standard, 0 NTU

Pure substance/mixture: Mixture

### Relevant identified uses of the substance or mixture and uses advised against

Intended use: Turbidity sensor standard solution

Uses advised against: No information available

### Details of the supplier of the safety data sheet

Supplier: Green Instruments A/S

Address: Erhvervsparken 29, DK – 9700 Brønderslev, Denmark

Phone/Fax: +45 96454500/+45 96454501

Email: [service@greeninstruments.com](mailto:service@greeninstruments.com)

Emergency telephone number: +45 96454500 8:00 – 16:00 Copenhagen Time Zone

## 2. Hazard(s) Identification

Classification of the substance/  
mixture: Mixture

Classification according to Regulation  
(EC) No. 1272/2008: This mixture is classified as not hazardous according to regulation  
EC 1272/2008

Symbol(s): Not dangerous goods

Label elements:

Product identifier

Hazard symbol: None

Signal word: None

Hazard statement: Not available

Precautionary statement: Not available

Other hazards: No information available

## 3. Composition/information on ingredients

### Mixtures

<i>Chemical name</i>	<i>CAS No.</i>	<i>EC No.</i>	<i>Weight %</i>	<i>CLP Classification Reg. EC no. 1272/2008</i>
Water	7732-18-5	231-791-2	> 99.9	No information available
Other components below reportable levels			0.0103	

\* Designates that a specific chemical identity and/or percentage of composition has been withheld as a trade secret.

## 4. First-aid measures

General note:	Use first aid treatment according to the nature of the injury. Show this safety data sheet to the doctor in attendance.
Inhalation:	Move to fresh air. Call a physician if symptoms develop or persist.
Skin contact:	Dry skin with paper towel or similar.
Eye contact:	Rinse with water. Get medical attention if irritation develops and persist.
Ingestion:	Get medical attention if symptoms occur
Protection of First-aiders:	Use personal protective equipment. See section 8 for more detail.
Most important symptoms and effects, both acute and delayed:	No information available
Indication of any immediate medical attention and special treatment needed:	Treat symptomatically

## 5. Fire-fighting measures

Suitable extinguishing media:	Use extinguishing agent suitable for type of surrounding fire. Water fog. Foam. Dry chemical powder. Carbon dioxide (CO <sub>2</sub> ).
Unsuitable extinguishing media:	Not available.
Specific hazards arising from the chemical:	Not available.
Advice for firefighters:	Wear suitable protective equipment.

## 6. Accidental release measures

Personal precautions, protective equipment and emergency procedures:	No special precautions
Environmental precautions:	Never return spill in original containers for re-use. For waste disposal, see section 13 of the SDS. No special environmental precautions required.
Methods and materials for containment and cleaning up:	Containment of this material should not be necessary. This product is miscible in water. Flush with water.
Reference to other sections:	Refer to protective measures listed in sections 7 and 8. See section 8 for information on appropriate personal protective equipment. See section 12 for additional Ecological information. See section 13 for additional waste treatment information

## 7. Handling and storage

Precautions for safe handling:	No special precautions required.
Conditions for safe storage, including any incompatibilities:	Do not allow material to freeze.
Risk Management Method(s):	The information required is contained in this Safety Data Sheet

## 8. Exposure controls/personal protection

Control parameters:	No exposure limits noted for ingredient(s)
Exposure controls:	Good general ventilation (typical 10 air changes per hour) should be used. Ventilation rates should be matched to conditions. If applicable, use process enclosures, local exhaust ventilation, or other engineering controls to maintain airborne levels below recommended exposure limits. If exposure limits have not been established, maintain airborne levels to an acceptable level.
Engineering Measures:	
Individual protection measures, such as personal protective equipment	
Eye/face protection:	Not normally needed
Skin and body protection	
Hand protection:	Not normally needed
Other:	Normal work clothing (long sleeved shirts and long pants) is recommended
Respiratory protection:	No personal respiratory protective equipment normally required
Environmental exposure controls:	No information available

## 9. Physical and chemical properties

### Information on basic physical and chemical properties

Physical state:	Liquid
Appearance:	Cloudy
Form:	Aqueous solution
Color:	Colorless to white
Odor:	Odorless
Odor threshold:	Not available
pH:	6.7

<b>Property</b>	<b>Values</b>
Melting point/freezing point:	32°F (0°C) estimated
Initial boiling point and boiling range:	212°F (100°C) estimated
Flash point:	Not available
Evaporation rate:	Not available
Flammability (solid, gas):	Not available
Upper/lower flammability or explosive limits	
Flammability limit – lower (%):	Not available
Flammability limit – upper (%):	Not available
Explosive limit – lower (%):	Not available
Explosive limit – upper (%):	Not available
Vapor pressure:	Not available
Vapor density:	Not available
Relative density:	Not available

Solubility(ies)  
 Solubility (water): Completely Miscible  
 Partition coefficient: Not available  
 (n-octanol/water)  
 Auto-ignition temperature: Not available  
 Decomposition temperature: Not available  
 Viscosity: Not available

Other information  
 Density: 1.00 g/cm<sup>3</sup> estimated  
 Percent volatile: 100.0 %  
 Specific gravity: 1.00 estimated

## 10. Stability and reactivity

Reactivity: Not available  
 Chemical stability: Material is stable under normal conditions  
 Explosion Data  
 Sensitivity to Mechanical Impact: None  
 Sensitivity to Static Discharge: None  
 Possibility of hazardous reactions: Hazardous polymerization does not occur.  
 Conditions to avoid: Do not freeze  
 Incompatible materials: None known  
 Hazardous decomposition products: No hazardous decomposition products are known.

## 11. Toxicological information

Information on toxicological effects

Acute Toxicity

Product information: Product does not present an acute toxicity hazard based on known or supplied information.  
 Inhalation: No information available  
 Skin contact: No information available  
 Eye contact: No information available  
 Ingestion: Based on available data, the classification criteria are not met.  
 Symptoms related to the physical, chemical and toxicological characteristics: Not available

<i>Product</i>	<i>LD50 Oral</i>	<i>LD50 Dermal</i>
Turbidity standard, 0 NTU	99999mg/kg (rat)	99999mg/kg (rat)

Skin corrosion/irritation: No information available  
 Serious eye damage/eye irritation: No information available

Respiratory or skin sensitization	
Respiratory sensitization:	No information available
Skin sensitization:	No information available
Germ cell mutagenicity:	No information available
Carcinogenicity:	This product is not considered to be a carcinogen by IARC, ACGIH, NTP or OSHA
Reproductive toxicity:	No information available
Specific target organ toxicity – single exposure:	No information available
Specific target organ toxicity – repeated exposure:	No information available
Aspiration hazard:	Specific target organ toxicity – single exposure
Chronic effects:	Prolonged inhalation may be harmful
Further information:	This product has no known adverse effect on human health

## 12. Ecological information

Ecotoxicity: Contains a substance which causes risk of hazardous effects to the environment. Not applicable.

Information on toxicological effects:

<i>Product</i>	<i>Fish</i>
Turbidity standard, 0 NTU	22840.0156 mg/l, LC50, 96 h

\* Estimates for product may be based on additional component data not shown.

Persistence and degradability:	Not available
Bioaccumulative potential:	Not available
Mobility in soil:	Not available
Results of PBT and vPvB assessment:	Not available
Other adverse effects:	Not available
Endocrine Disruptor Information:	Not available

## 13. Disposal considerations

Disposal instructions:	Wash to drains with lots of water. Dispose in accordance with all applicable regulations
Hazardous waste code:	Not regulated
Waste from residues/unused products:	Dispose of in accordance with local regulations. Empty containers or liners may retain some product residues. This material and its container must be disposed of in a safe manner.
Contaminated packaging:	Empty containers should be taken to an approved waste handling site for recycling or disposal.

## 14. Transport information

IMDG	Not regulated
IATA	Not regulated
ICAO	Not regulated

RID Not regulated  
ARD Not regulated

## 15. Regulatory information

### Safety, health and environmental regulations/legislation specific for the substance or mixture

Take note of Directive 98/24/EC on the protection of the health and safety of worker from the risks related to chemical agents at work.

### International Inventories

<i>Inventory name</i>	<i>On inventory (yes/no)*</i>
Australian Inventory of Chemical Substances (AICS)	Yes
Canadian Domestic Substances List (CANINV/ DSL)	Yes
Canadian Non-Domestic Substances List (CANINV/NDSL)	No
Chinese Inventory of Existing Chemical Substances (IECSC)	Yes
European Inventory of Existing Commercial Chemical Substances (EINECS)	No
European List of Notified Chemical Substances (ELINCS)	No
Japan Inventory of Existing and New Chemical Substances (ENCS)	Yes
Korea Existing Chemicals List (ECL)	Yes
Philippine Inventory of Chemicals and Chemical Substances (PICCS)	Yes
United States and Puerto Rico Toxic Substances Control Act Inventory (USINV/TSCA)	Yes

\* A "Yes" indicates that all components of this product comply with the inventory requirements administered by the governing country(s). A "No" indicates that one or more components of the product are not listed or exempt from listing on the inventory administered by the governing country(s).

### Chemical safety assessment

A chemical safety assessment according to regulation EC No. 1907/2006 is not required.

## 16. Other information

Issue date: August 18 2015

Version No.: 1.0

Disclaimer: The information in the sheet was written based on the best knowledge and experience currently available. The information given is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal and release and is not to be considered a warranty or quality specification. Because many factors may effect processing or application/use, Green Instruments recommends you an assessment to determine the suitability of a product for your particular purpose prior to use. The information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any process, unless specified in the text. In no case shall the descriptions, information, or data provided be considered a part of our terms and conditions of sales. Further, the descriptions, data and information given are assumed. All such being given and accepted at your risk.

End of Safety Data Sheet.
